Re: NEPA Technical Inquiry 0072 - Draft GSA Guidance Documents

Dear NEPA Call-In User:

This letter is in response to an April 10, 1997, inquiry to NEPA Call-In from the NEPA Program Manager, GSA, to provide you copies of draft GSA National Environmental Policy Act (NEPA) implementing documents which you could use as models to develop similar documents for the GSA Fine Arts Program.

NEPA Call-In obtained copies of two documents distributed to the GSA Environmental Quality Advisory Group (EQAG) during its meeting in Washington, D.C. on April 2, 1997. The two documents are the Final Working Drafts of ADM 1095.1F, "Environmental considerations in decisionmaking," and PBS P 1095.4C, "Compliance with the National Environmental Policy Act."

Copies of these two document were sent to you via GSA cc:Mail on April 11, 1997, and are also enclosed with this letter.

The materials in this TI have been prepared for use by GSA employees and contractors and are made available at this site only to permit the general public to learn more about NEPA. The information is not intended to constitute legal advice or substitute for obtaining legal advice from an attorney licensed in your state and may or may not reflect the most current legal developments. Readers should also be aware that this response is based upon laws, regulations, and policies in place at the time it was prepared and that this response will not be updated to reflect changes to those laws, regulations and policies.

Sincerely,

(Original Signed)
